Delivering & Installing Bricks

Each project is unique and is tailored to your needs, depending on what you would like done.

Simple Question:

- Ask our General Contractor: **306- 249- 4600**

On-Site Estimate:

- Our estimator will come out to your home, talk with you while taking a look around your property and discuss what you would like done, and give insightful advice.
- Once the estimate is done our estimator will email a copy of a quote on your project. This quote will include the cost and amount of materials needed for the job, the cost of installing everything and any other additional comments.
- An on-site estimate is **\$75.00 plus taxes (if outside Saskatoon area add mileage)**.
- If you go ahead with the project the \$75 will be credited back to the job.

Other Estimates:

- Allan's offers other estimates as well, such as consultations and designing your dream home. Email us at allans@sasktel.net or view our website www.allanslandscaping.com to find out more information.

Ordering Bricks

Bricks that are available on-site location at the store can be Pre-Ordered, which are then reserved upon your arrival at our store location. If the brick you are requesting is not in stock, it would have to be ordered with payment. Once the bricks are in stock you will be notified.

Some Brick Orders can take between 3 days to 6 weeks because they are not in stock (on-site location) or available in Saskatchewan. The time wait is dependent on how long it takes the specialists to make the bricks as well as the season. All bricks are manufactured especially for you, and you will be notified when they become available.

Color availability and sizes may vary as some bricks may be discontinued. Some bricks may be discontinued for one year but then available the next depending on the materials available to make the brick as well as the specialists who make them. Any discontinued bricks located on-site will be 10% OFF. Any bricks that have been discontinued for more than 2 years will be 60% OFF. A list of discontinued bricks can be found on the website www.allanslandscaping.com or you can come by the store and take a look at all the bricks we have in stock at any time.

When placing an order for bricks for pick up or for delivery when the brick has to be ordered requires a **mandatory 50% deposit on all brick orders before proceeding (which is nonrefundable)**. This is due to the specialist specifically making the bricks for you for your order.

Prices may be changed at any time without further notice as we reserve the right to change our product's prices at any time without further notice. Please call for our latest pricing.
