How to Order Bricks

Bricks are available at our store. You can check what we have by visiting us, calling, or emailing. Bricks can be purchased individually or by the pallet. You'll be able to see the different colors and styles we currently have in stock.

If the brick you want is not in stock, you will need to place a pre-order. At this time, we only **pre-order bricks by the full pallet**. A **50% deposit is required on all brick orders**. This deposit is nonrefundable, as each order is custom-made just for you by a specialist in Western Canada. There is a \$40.00 pallet charge (plus taxes), as the bricks will be placed on a pallet. If you return the pallet within 14 days along with your receipt, the fee will be refunded.

What to Expect with a Pre-Order:

When you place your order, we will:

- Let you know when the specialist starts making your bricks
- Notify you when the bricks are en-route to our store
- Contact you as soon as your order arrives in Saskatoon

Estimated Time Frame:

Orders may take **3 days to 6 weeks**, depending on:

- Production time
- Seasonal demand
- Shipping timelines

Once your order is placed, we can give you a more accurate estimated time. Since every brick order is made specially for you, your patience is appreciated!

Pick-Up or Delivery:

You can:

- **Pick-Up:** Once your bricks arrive, you are welcome to pick them up at our store. Please bring a vehicle or trailer that can safely carry a pallet.
