TECHNICAL SPECS

- Interlocking spacer bars for increased structural performance
- Surface and micro-chamfer are ACA (Accessible Canada Regulation) compliant and minimize wheelchair vibration
- True installed dimensions for design optimization
- Optimal joint openings for infiltration and maintenance
- Can eliminate stormwater runoff and improve water quality
- Meets the requirements of ASTM C936
- Chamfer Width: 3 mm
- Spacer Bar Width: 10 mm
- Surface Infiltration Rate: > 500 inches per hour (varies based on joint infill gradation)
- Surface Open Area: 10%
- Can be installed mechanically with herringbone pallet layout

DuraFusion™ Technology
A bold, vibrant finish with a smoother, tighter texture.

QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at Belgard.com/Warranty

Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.

TECHNICAL SPECS

- Seven unique shapes create a random pattern
- Ideal for use as either the primary field, or as an accent or border
- Can be installed as either a standard or permeable system
- Permeable pavement installation requires site-specific engineering and proper base, bedding and joint aggregate material
- Techniseal polymeric jointing sand recommended for non-permeable applications
- Applications include walkways, patios, accents, borders and residential driveways

DuraFusion™ Technology
A bold, vibrant finish with a smoother, tighter texture.

TECHNICAL SPECS

- Designed to be diagonally symmetrical so the pavers always fit together, regardless of how they are rotated.
- Multiple sizes allow for modularity and virtually limitless design options
- Manufactured to CSA A231.2 specification
- Concrete strength: 8000 PSI (55 MPA)
- Absorption: Shall not exceed 5%
- Can be utilized to construct an ACA (Accessible Canada Regulation) compliant pavement
- Ideal for a wide variety of commercial and residential pedestrian and vehicular applications

QUALITY FOR LIFE

Every step of our manufacturing process incorporates rigorous research, testing and quality assurance. We demand the highest quality from each of our facilities across North America. We believe in creating world class building products that stand the test of time. See our lifetime warranty at Belgard.com/Warranty

Due to the natural materials in our products, colours may vary from those shown on the cut sheet. We recommend viewing actual product samples to ensure the perfect colour and finish for each project.

CUTTING BRICKS

Timeframe: Your block will be cut within 2 business days. We will call you when it is ready for pickup.

Step 1: Measure, Mark & Drop Off
Measure your block and clearly mark where you would like it cut. Then bring it to our store.

Step 2: We Cut Your Block
Our team will cut your block within 2 - 3 business days. If it is finished sooner, we will call you right away.

Step 3: Pick Up Your Block
Pick up your cut block once you receive our call.

Block Cutting Prices Less than 10 cuts

Paver Size	Price
3" x 3" to 8" x 8"	\$20.00 per cut + tax
Larger than 8" x 8"	\$30.00 per cut + tax

Orders with 10 or more cuts:
Volume pricing available. Please contact us for a quote.

ORDERING BRICKS

Looking for a brick that isn't currently in stock? We can special order it for you.

Step 1: Choose Your Brick & Color

Pick the brick style and color you would like to order.

Step 2: Order a Full Pallet

Special order bricks must be purchased by the full pallet.

Step 3: Pay a 50% Deposit

A 50% non-refundable deposit is required when placing your order.

Step 4: We Order Your Bricks

Your bricks will be made and shipped to our store.

Step 5: We'll Call You

We will contact you when your order is ready for pickup or delivery.

Order Timeframe

Most special orders take between **3 days and 6 weeks**.

Order times vary depending on:

- Availability
- Production schedules
- Trucking and delivery times

Once your order has been placed, we can provide a more accurate estimated arrival date.

Please Note

- Special order bricks are sold by the full pallet only.
- Colors, sizes, and styles may vary by season and availability.
- Some products may be temporarily unavailable or discontinued.
- Slight color variations may occur between production batches.

IN-STOCK BRICKS

Need just a few bricks?

We stock a variety of bricks at our store that are available for immediate purchase.

Buy as little as one brick or as many as you need.

Bricks can be reserved for pickup or delivery.

Availability may vary.

Questions? Call us or visit the store to see our current selection.

Please Note

- Colors, sizes, and styles may vary by season and availability.
- Some products may be temporarily unavailable or discontinued.
- Discontinued bricks are final sale.
- Slight color variations may occur between production batches.

PICKING UP BRICKS

Please bring an appropriate vehicle for picking up your order

All orders must be paid for in-store before pickup.

Small Quantity Brick Purchases

- Bricks will be hand-loaded into your vehicle
- Small quantities will be loaded manually by yourself or staff
- Please ensure your vehicle is suitable for transport

Pallet Pickup Orders

- If your order is a full pallet:
- Bricks will be shrink-wrapped on a pallet
- Pallet is \$45.00 per pallet and is refundable (following policy)
- Pallets will only be loaded onto **flat deck trailers**

Important Loading Requirements

For safety and to prevent damage:

- We do not load pallets into pickup trucks with wheel wells, as this can cause damage to the vehicle and unsafe loading conditions
- We do not load pallets onto trailers with boxes or enclosed sides that prevent safe loading
- Proper flat deck trailers are required for pallet loading

DELIVERING BRICKS

Delivery Pricing

We deliver across the province.

Local Delivery (Saskatoon, Martensville, Warman)

- Delivery charge: \$348.00 for 1–3 pallets
- Each additional pallet (over 3): + \$30.00 per pallet

Outside Saskatoon City Limits

- Delivery charge: \$348.00 for 1–3 pallets
- Plus \$6.25 per km (one-way distance from city limits)
- Each additional pallet (over 3): + \$30.00 per pallet

How Delivery Works

- Bricks are placed on a pallet and securely shrink-wrapped
- Pallet is \$45.00 per pallet and is refundable (following policy)
- Orders are transported on our flat deck trailer
- We use a forklift for safe loading and unloading
- At your site, we unload the pallets and place them in the agreed location (where accessible)

Site Requirements

Bricks must be placed in a **safe and accessible area** for unloading

The delivery area must allow safe access for the equipment

BRICK RETURN

The following items are **NON-REFUNDABLE** and **NON-RETURNABLE**:

- Broken bricks
- Chipped bricks
- Cracked bricks
- Marked or scratched bricks
- Special order bricks
- Full pallets
- Discontinued bricks (FINAL SALE)

Returnable Items

Only bricks that are **in usable condition** may be returned for a refund.

Return Conditions

Returns must be made within **14 days** of purchase (in-store pickup or delivery date).

Bricks must be returned in **good, usable condition**.

Refunds will only be issued after inspection and approval.

For more information, please refer to our full return policy on our website.

Non Returnable

Returnable

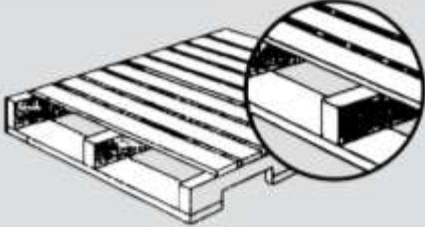

PALLET RETURN

If a pallet is returned within **14 days** of the receipt date and is in **usable condition**, a refund may be issued.

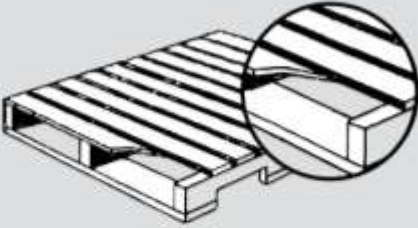

Damaged pallets are NON-REFUNDABLE, defined as pallets with:

- Two or more boards missing or broken, and/or
- One or more stringers missing or broken

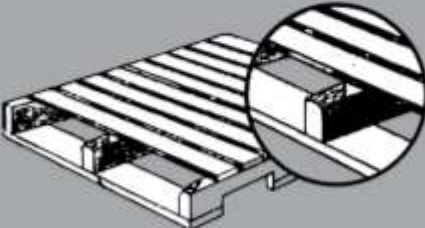

For more information, please refer to our full return policy on our website.

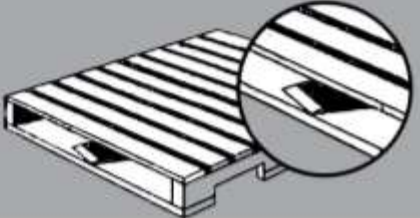

Returnable Pallet
Missing board, but stringers are still intact

Returnable Pallet
Broken board, but stringers are still intact

Unreturnable Pallet
Stringers have broken ends.

Unreturnable Pallet
Stringers are broken
