Nugget Mulch

Parking Curbs

# Nugget Mulch

## All of the beauty - none of the work.

**Nugget mulch** mimics the look of wood mulch but is more durable, lasts longer, won't rot or compact. It is an eco-friendly alternative as each bag of mulch recycles 2 scrap tires and it allows for a reduction in chemical use as it inhibits weed growth. It is non-toxic and non-flammable making it a natural choice for a sustainable future.

All rubber products are non-toxic and non-flammable making them safe and eco-friendly for any outdoor space.

## Features

- 10 year color guarantee - no need to replace yearly
- will not rot - lasts for decades
- deters insects, rodents and cats
- resists mold, mildew & fungi
- inhibits weed growth
- reduces chemical use
- non-toxic, non-flammable

**Rubber nugget mulch creates a distinct look for any garden or landscape project.**

## Colours:

# Interlocking Mats

## Features

- Easy to clean
- Designed for barns, stalls and walkways
- Reduces joint stress for horses
- Will not degrade over time
- Maintenance free
- Install over sand, soil, wood, concrete or asphalt

## Creature Comforts

Allan's Stall Mats create an environment that is conducive to comfort, cleanliness and durability in an agricultural setting. They have been designed to withstand abuse, the harshest climates and the roughness of farm life. Stall Mats alleviate joint stress for animals, decrease dust in warm, dry weather, aids in drainage and keep the area clean and beautiful. Shercom's interlocking stall mats are cost effective and esily installed to provide the perfect solution for any barn.

# Parking Curbs

## Installation & Maintenance

- transfer curbs to job site
- use proper equipment for better installation
- 15mm rebar spike with welded cap option, 1/2" heavy bolt w/washer option

## Features & Advantages

- long lasting and affordable
- absorbs impact reducing risk to undercarriage of a vehicle
- transportation and installation by 1 or 2 workers
- flexibility allows curb to contour to uneven surfaces

Rubber Curbs weigh less than half of concrete version. Transportation to the job site requires less equipment and fewer workers. Two crew members can install curbs for less and without heavy equipment needs. Rubber curbs are impervious to salt and other corrosive materials. They will not crack or corrode and will outlast Canadian seasons. Rubber curbs are a fraction of the cost and perform better than concrete

Technical Data		Price (ea.)
70 x 6 x 4"	Parking Curb Yellow or Blue	\$75.00
10 x 0.5"	Mounting Pin / Bolt	\$5.14
14 x 0.6"	Mounting Pin / Rebar	\$7.27

# Speed Bumps

Rubber speed bumps are a fraction of the weight of concrete, and as a result can easily be installed by one person making them perfect for temporary use for an event. However, it is durable, long lasting and crack resistant making it ideal for permanent use on roadways as well.

## Features

- reflective tape and cat eyes for high visibility day and night
- durable, long lasting
- cost effective
- dual channel bottom for 1" cable / utility lines
- 72" bump has 4 reflective strips / 6 cat eyes
- 48" bump has 2 reflective strips / 4 cat eyes

## Installation & Maintenance

- easily installed by one person on gravel, asphalt or concrete with optional mounting pins or adhesive

### Technical Data

72 x 12 x 2.5"	Speed Bump – 6ft
48 x 12 x 2.5"	Speed Bump – 4ft

### Price (ea.)

\$59.07

# Curb Ramps

Reduce the impact on your car and prevent your vehicle from scraping the curb. Rolled curbs can cause significant damage to your car's steering, alignment and tires. Curb Ramps bridge the gap between the street and a rounded driveway curb. Our ramps have a full-length water channel to allow for storm drainage and can easily be moved for periodic street cleaning.

## Features

- prevents damage to a vehicle's front end
- creates a smooth transition from the road to your driveway
- water channel allows for water run-off to pass underneath

## Installation & Maintenance

- Easy installation
- Easily moved for street sweeping and snow removal

### Technical Data

48 x 16 x 2.5"

Curb Ramp

### Price (ea.)

\$70.59

# Access Ramps

Ideal for the job site and built to withstand the weight and pressure of vehicles and heavy equipment. Slip-resistant and durable. Create access ramps for driveways and entrances during the road, curbside, or waterline pipe construction. Ideal for construction/paving contractors, municipalities, or on-site business use.

- Eliminate concrete curb damage by heavy equipment
  - Short-term water line protection.
  - Portable solution that travels from job site to job site.
  - Quick handicap access for temporary and permanent locations.
- Maintains sidewalk accessibility for traffic

Technical Data		Price (ea.)
36 x 12 x 1.5"	Threshold Ramp – Small	\$36.85
36 x 17 x 3.5"	Threshold Ramp – Medium	\$89.52
40 x 17 x 5"	Threshold Ramp – Large	\$122.74

# Driveways, Pools, Patios & Walkways

Rubber paving is a cost-effective way to resurface your cracked and damaged driveway, sidewalks, and patios. It can be installed over existing material, or we can create a whole new space giving you an attractive and distinctive-looking surface that lasts for decades.

## Features

- 5-Year Crack Warranty Certificate
- Instant and long-lasting curb appeal
- Installs over concrete, asphalt, paving stones, or gravel
- Easy, mess-free installation and drivable within 72 hours
- 100% Recycled Rubber
- 100% Canadian-manufactured & installed
- Our installs from 20+ years ago still look amazing
- Naturally repels ice compared to traditional paving that causes ice to adhere to the surface
